Elgin Museum & Historical Society receives Fred W. Fields Fund of Oregon Community Foundation Grant

The Fred W. Fields Fund of Oregon Community Foundation has awarded a \$14,038.00 grant to the Elgin Museum and Historical Society. The money will be used to upgrade and remodel the museum's bathroom facilities, which will include meeting ADA compliance requirements and baby changing options. This year the museum has held a series of presentations, workshops, and events, including a sold out Dinner with Charles Dickens and our upcoming holiday event for families. Upgraded facilities will help meet the needs of all our guests and visitors, young and old.

Thank you to the Fred W. Fields Fund of Oregon Community Foundation for helping the Elgin Museum grow into an asset for the community!
