Elgin Museum & Historical Society receives Roundhouse Foundation Grant

The Elgin Museum and Historical Society is excited to announce the acceptance of a \$5000 grant, awarded by the Roundhouse Foundation. The money will be used to upgrade and remodel the museum's bathroom facilities, which will include meeting ADA compliance requirements and baby changing options. The museum has many events, including the recent sold out Dinner with Charles Dickens. Upgraded facilities will help meet the needs of all our guests, young and old.

Thank you to the Roundhouse Foundation for helping the Elgin Museum grow into an asset for the community!
